43,000 Americans die from gun violence each year.

Over the course of their lifetime, **every American** will know someone who loses their life to gun violence.

Guns are now the **leading cause** of death for children in the United States.

5X

Domestic violence victims are **five times** more likely to be killed when their abuser has access to a gun.

D YOUR HELP. AND WE NEED YOUR HELP. AND WE NE

GIFFORDS is fighting for a safer future. A future where our kids don't have to be afraid of going to school, where everyday encounters don't turn deadly, and where guns aren't easier to purchase than cold medicine.

For 10 years we've worked tirelessly to make this future a reality by shifting culture, confronting the gun lobby, and passing laws that save lives. We've accomplished so much, but as the world changes, so does the nature of the fight.

Our **new strategic plan** builds on our successes and aims even higher, toward lasting, lifesaving impact. Our priorities include:

- ▶ **Building and strengthening** our state infrastructure.
- ▶ **Expanding** our Latino and Spanish-language outreach.
- ▶ **Broadening** our Gun Owners for Safety coalition.
- ▶ **Strengthening** support for gun violence survivors.
- ▶ **Intensifying** our challenges to the gun lobby in court.
- ▶ **Supporting** the growth of violence intervention programs.

10 YEARS OF LIFESAVING PROGRESS

When we started GIFFORDS, many people thought gun violence was an intractable issue. They thought the NRA was too powerful. That voters were too apathetic. That the climb was too steep.

We proved them wrong.

- ✓ **Passed** 550+ gun safety laws.
- ✓ **Elected** 460+ gun safety champions.
- ✓ **Organized** 40,000+ Gun Owners for Safety across America.
- ✓ **Enacted** the first federal gun safety legislation in nearly 30 years.
- ✓ **Filed** 100+ amicus briefs defending gun laws in the courts.
- ✓ **Secured** \$75 million in federal funding for gun violence research.
- ✓ **Allocated** \$1 billion in community violence intervention grants.
